# Christina Miles

Christina's inner child is all over the spectrum of creativity; no medium is left behind. She's been blessed to be very creative her entire life, starting with finger painting, good old fashioned clay, and a healthy dose of music.

As an adult, photography, sewing, painting, and drawing have always been part of her life. As the internet grew, she expanded her artistic talents and online skills, falling in love even more with the arts. Several years ago, she ventured into jewelry making and altered art, and here she is today, creator of statement copper jewelry, abstract acrylic paintings, fiber art dolls, mermaid jewelry, and more!

Christina will be the first to tell you, "I am not perfect, but I expect perfection of myself and my designs." She loves unusual 'stuff' and nothing gets tossed... whether used or newly found, she recycles, repurposes and, if all else fails, donates.

Christina views every aspect of her life as an opportunity for a canvas! For the past 24 years, Christina has worked as a Para Educator, where she shares her love for the arts with special education students. Evenings and weekends, she is quick to get lost in her creations!
